Re: Jane Gibson
Interview with Manager of the Trenton Evening times.

Operative went to the office of the Trenton Evening Times, which paper now publishes the State Gazette also.

Operative interviewed the man in charge of the office in reference to the story printed November 18th,1922 about Jane Gibson in the Luella Marshall case. This man could not give any further information about the story. None of the present reporters know anything about who wrote up the story.

Respectfully submitted:
